

Copy.

Phila., May 15th 89.

Mr Steele,

(Not desiring to place myself in the position of wilfully evading orders, I enclose herewith the physicians' certificate which will confirm what I stated yesterday in reference to my health.

I was (as you are doubtless aware, absent three days last week on account of being unable to work, and was really not in proper condition to be there this week.

A very slight examination will show that since my

connection with the Mint.

I have never absented myself for this or any other cause, and I trust to your sense of justice to reconsider your sentence of suspension.

Under any circumstances I was unable to work this week, and went contrary to the doctors' orders.

My object in writing is simply to clear myself of your charge of wilful violation of orders.
